

SUFFOLK COUNTY DIVISION OF SERVICES FOR CHILDREN WITH SPECIAL NEEDS

Confirmation of Start Date of Early Intervention Services

All services must start within **30 days of the IFSP meeting date**. If a service is authorized as units per the IFSP period, the first service should be within 30 days of the authorization date. An OSC is responsible to have a service provider identified as soon as possible. If the OSC's agency does not have a provider, the OSC must contact other providers.

Services Authorized Start Date Confirmed Start Date RX attached in NYEIS

Services	Authorized Start Date	Confirmed Start Date	RX attached in NYEIS

- () The child is receiving ABA services.
- () All ABA providers have passed the Suffolk County ABA Provider Competency Program test for the service they are providing.

If services are not in place within 30 days of the IFSP meeting date, please explain the reason why. Please note that only a parent reason - e.g. (1) Family problem scheduling, (2) Family missed or cancelled an appointment, (3) Family delayed response - is an acceptable reason for a service to be delayed beyond the 30 day start date. The reason for the delay must be documented in the OSC's notes. If a parent child group has been authorized and the parent does not attend, document the contacts with the family and the reason for non-attendance.
